Summary of Correction in
Visualization of Analytic Provenance for Sensemaking

Phong Nguyen

September 4, 2017

Below are five correction points asked by the external examiner and my summary of changes in addressing them.

1. Include URLs to videos in thesis.
   $\rightarrow$

2. Update minor language corrections throughout thesis.
   $\rightarrow$

3. Shorten Chapter 2 by referencing relevant surveys on time-oriented data and network and tree data.
   $\rightarrow$

4. Chapter 5: consider trade-off between amount of resources used and amount of data collected.
   $\rightarrow$

5. Figure 6.11: discuss scalability as future work.
   $\rightarrow$
